

PLEASE, PLEASE do something about the rising Cable costs! I just received a notice from my cable provider, Charter Communications, that my service would be increasing by \$14 a month. I have basic cable, with no premiere channels, and internet service...and I will be paying close to \$100 a month if I want to continue my service. THIS IS WRONG!! When will you step in to help??? WHEN WILL THIS BECOME A FAIR MARKET SYSTEM????? You MUST do something!!
